INDEPENDENT AUDITORS’ REPORT

To the Members of Bengal & Assam Company Limited

Report on the Audit of the Standalone Financial Statements

Opinion

We have audited the accompanying standalone financial statements of Bengal & Assam Company Limited (“the Company”), which comprise the Balance Sheet as at March 31, 2022, the Statement of Profit and Loss (including Other Comprehensive Income) for the year ended on that date, the Statement of Changes in Equity and the Statement of Cash Flows for the year ended on that date, and notes to the standalone financial statements including a summary of significant accounting policies and other explanatory information (hereinafter referred to as “the standalone financial statements”).

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid standalone financial statements give the information required by the Companies Act 2013 (“the Act”) in the manner so required and give a true and fair view in conformity with the Indian Accounting Standards prescribed under section 133 of the Companies Act, 2013 read with the Companies (Indian Accounting Standards) Rules 2015, as amended (“Ind AS”) and other accounting principles generally accepted in India, of the state of affairs of the Company as at March 31, 2022, and its profit, total comprehensive income, changes in equity and its cash flows for the year ended on that date.

Basis for Opinion

We conducted our audit of the Standalone Financial Statements in accordance with Standards on Auditing (SAs) specified under section 143(10) of the Act. Our responsibilities under those Standards are further described in the Auditor’s Responsibilities for the Audit of the Standalone Financial Statements section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India (“ICAI”) together with the ethical requirements that are relevant to our audit of the standalone financial statements under the provisions of the Act and Rules made thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and ICAI’s Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion on the Standalone Financial Statements.

Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the standalone financial statements for the financial year ended March 31, 2022. These matters were addressed in the context of our audit of the standalone financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters. We have determined the matters described below to be the key audit matters to be communicated in our report.

KEY AUDIT MATTER	RESPONSE TO KEY AUDIT MATTER
<p>Valuation of Investments</p> <p>Refer Note No. 5 to the standalone financial statements.</p> <p>As at March 31, 2022, the total carrying amount of investments were Rs. 1,13,639.89 Lakhs . Investments include quoted and unquoted equity shares, unquoted preference shares, debentures and mutual funds. Fair valuation of unquoted investments involves significant estimation uncertainty, subjective assumptions and the application of significant judgment. This was an area of focus for our audit.</p>	<p>Our audit approach was a combination of test of internal controls and substantive procedures which included the following:</p> <ul style="list-style-type: none"> • Understanding of the processes employed by the Company for accounting and valuing the investments. • Reviewed year end confirmation of investments in dematerialized/ depository form and physically verified share certificates of investments which are not in dematerialized format. • We have verified that the ownership of all recorded investments in the name of the company. • Reviewing valuation of all Investments held at March 31, 2022, to assess impairment, if any. <p>Based on the audit procedures performed, we are satisfied with existence and valuation of investments.</p>

Information other than the standalone financial statements and auditor's report thereon

The Company's Board of Directors is responsible for the other information. The other information comprises the information included in the Management Discussion and Analysis, Board's Report including annexure to Board's Report, Business Responsibility Report, Corporate Governance and Shareholder's Information, but does not include the standalone financial statements and our auditor's report thereon.

Our opinion on the standalone financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the standalone financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the standalone financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated.

If, based on the work we have performed, we conclude that there is a material misstatement of this other information we are required to report that fact. We have nothing to report in this regard.

Responsibilities of Management and Those Charged with Governance for the Standalone Financial Statements

The Company's Board of Directors is responsible for the matters stated in section 134(5) of the Act, with respect to the preparation of these standalone financial statements that give a true and fair view of the financial position, financial performance, total comprehensive income, changes in equity and cash flows of the Company in accordance with Indian Accounting Standards and other accounting principles generally accepted in India. The Board of Directors of the Company are responsible for the maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the standalone financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the standalone financial statements, management is responsible for assessing the ability of the Company to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

The Board of Directors are also responsible for overseeing the Company's financial reporting process.

Auditor's Responsibilities for the Audit of the Standalone Financial Statements

Our objectives are to obtain reasonable assurance about whether the standalone financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these standalone financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the standalone financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.

- Obtain an understanding of internal financial controls relevant to the audit in order to design audit procedures that are appropriate in the circumstances, Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Company has adequate internal financial controls with reference to standalone financial statements in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the ability of the Company to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the standalone financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the standalone financial statements, including the disclosures, and whether the standalone financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

Materiality is the magnitude of misstatements in the standalone financial statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the standalone financial statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the standalone financial statements.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the standalone financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Report on Other Legal and Regulatory Requirements

- (1) As required by the Companies (Auditor's Report) Order, 2020 ("the Order") issued by the Central Government of India in terms of sub-section (11) of Section 143 of the Act, we give in "Annexure 1", a statement on the matters specified in paragraphs 3 and 4 of the Order, to the extent applicable.

ANNEXURE 2 TO THE INDEPENDENT AUDITOR'S REPORT

[Referred to in paragraph 2(f) under 'Report on Other Legal and Regulatory Requirements' in the Independent Auditor's Report of even date to the members of **Bengal & Assam Company Limited** on the standalone financial statements for the year ended March 31, 2022]

Report on the Internal Financial Controls with reference to the aforesaid standalone financial statements under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")

We have audited the internal financial controls with reference to financial statements of **Bengal & Assam Company Limited** ("the Company") as of **March 31, 2022** in conjunction with our audit of the standalone financial statements of the Company for the year ended on that date.

Management's Responsibility for Internal Financial Controls

The Company's management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India ("ICAI"). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditors' Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") and the Standards on Auditing specified under section 143(10) of the Act to the extent applicable to an audit of internal financial controls, both issued by the ICAI. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness.

Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

Meaning of Internal Financial Controls over Financial Reporting

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide

reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial control over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, to the best of our information and according to the explanations given to us, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at March 31, 2022, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by ICAI.

1. Company Overview, Basis of Preparation & Significant Accounting Policies

1.1 Corporate Information

Bengal & Assam Company Limited is a Public Limited Company Incorporated under the Companies Act, 1913 having its Registered Office at 7, Council House Street, Kolkata, West Bengal-700001. The Company is a Core Investment Company-Non Deposit Taking-Systemically Important (CIC-ND-SI) registered with the Reserve Bank of India (RBI). As a Core Investment Company, the Company is holding investments in its subsidiaries, other group companies, money market mutual funds and carries out only such activities as are permitted under the guidelines issued by RBI for NBFCs. Equity Shares of the Company are listed on BSE Limited (BSE), India.

These financial statements were approved and adopted by Board of Directors of the Company at their meeting held on 27th May, 2022.

1.2 Basis of Preparation and measurement

(i) Basis of Preparation

These standalone financial statements of the Company have been prepared in accordance with Indian Accounting Standards (Ind AS) notified under section 133 of the Companies Act, 2013 ('the Act') read together with the Companies (Indian Accounting Standards) Rules, 2015, as amended from time to time and other relevant provisions of the Act and the RBI guidelines/regulations to the extent applicable.

All accounting policies and applicable Ind AS have been applied consistently for all periods presented.

The standalone financial statements have been prepared on accrual basis and under the historical cost convention except for the items that have been measured at fair value as required by relevant Ind AS.

The financial statements are presented in INR, which is also the Company's functional currency and all values are rounded to the nearest lakh (INR 00,000), except when otherwise stated.

(ii) Fair value measurement

Fair Value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

The fair value of an asset or a liability is measured using the assumptions that market participants would use when pricing the asset or liability, assuming that market participants act in their economic best interest.

A fair value measurement of a non- financial asset takes into account a market participant's ability to generate economic benefits by using the asset in its highest and best use or by selling it to another market participant that would use the asset in its highest and best use.

For the purpose of fair value disclosures, the Company has determined classes of assets and liabilities on the basis of the nature, characteristics and risks of the asset or liability and the level of the fair value hierarchy in which they fall.

(iii) Financial/ Non- Financial assets and liabilities

Division III to Schedule III requires all items in the balance sheet of a NBFC to be classified as either financial or non-financial and be reflected as such. Further, para 54 of Ind AS 1 also specifies a requirement of presenting financial assets and financial liabilities as line items on the balance sheet separately from other items.

(iv) Use of Estimates

The preparation of the financial statements in conformity with Ind AS requires management to make estimates, judgments and assumptions. These estimates, judgments and assumptions affect the application of accounting policies and the reported amounts of assets and liabilities, the disclosures of contingent assets and liabilities at the date of the financial statements and reported amounts of revenues and expenses during the period. Application of accounting policies that require critical accounting estimates involving complex and subjective judgments and the use of assumptions in these financial statements have been disclosed in Note 1.3.18.

Accounting estimates could change from period to period. Actual results could differ from those estimates. Appropriate changes in estimates are made as management becomes aware of changes in circumstances surrounding the estimates. Changes in estimates are reflected in the financial statements in the period in which changes are made and, if material, their effects are disclosed in the notes to the financial statements.

1.3 Significant Accounting Policies**1.3.1 Property, plant and equipment and depreciation****A. Property, plant and equipment**

- (i) Property, plant and equipment are stated at cost of acquisition or construction as the case may be, less accumulated depreciation and amortisation. For this purpose, cost includes deemed cost which represents the carrying value of property, plant and equipment recognised as at 1st April, 2018 measured as per the previous Generally Accepted Accounting Principles (GAAP). Cost includes expenses directly attributable to bringing the asset to their location and conditions necessary for it to be capable of operating in the manner intended by the management.

Subsequent cost are included in the asset's carrying amount or recognized as separate asset, as appropriate, only when it is probable that future economic benefits associated with the item will flow to the Company and the cost of the item can be measured reliably. The carrying amount of any component accounted for as a separate asset is derecognized when replaced. All other repairs and maintenance are charged to profit or loss during the reporting period in which they are incurred.

- (ii) Property, plant and equipment not ready for the intended use on the date of the Balance Sheet are disclosed as "capital work in progress". Capital work-in-progress are carried at cost, less any recognised impairment loss.
- (iii) Property, Plant and Equipment are eliminated from financial statement, either on disposal or when retired from active use. Losses arising in the case of retirement of property, plant and equipment and gains or losses arising from disposal of property, plant and equipment are recognized in Statement of Profit and Loss in the year of occurrence.

B. Intangible assets

Intangible Assets (Other than Goodwill) acquired separately are stated at cost less accumulated amortization and impairment loss, if any. Intangible assets are amortized on straight line method basis over their useful life estimated by the management. Software is amortised over a period of 4 years.

Amortisation methods, useful lives and residual values are reviewed in each financial year end and changes, if any, are accounted for prospectively.

An intangible asset is derecognised on disposal, or when no future economic benefits are expected from use or disposal. Gains or losses arising from derecognition of an intangible asset, measured as the difference between the net disposal proceeds and the carrying amount of the asset are recognised in the Statement of Profit & Loss when the asset is derecognised.

C. Depreciation

Depreciation is calculated using the Written Down Value (WDV) method to allocate their cost, net of their residual values, over their estimated useful lives as specified in Schedule II to Companies Act, 2013.

Depreciation on additions is being provided on pro rata basis from the date of such additions.

Depreciation on assets sold, discarded or demolished during the year is being provided up to the dates till which such assets are sold, discarded or demolished.

The assets' residual values, useful lives and methods of depreciation are reviewed at each financial year end and adjusted prospectively, if appropriate.

1.3.2 Investment property and depreciation

A. Investment Property

Property that is held for long-term rentals yields or for capital appreciation or both, and that is not occupied by the Company, is classified as investment property. Investment property includes land and building. Investment property is measured initially at its cost, including related transaction costs and where applicable borrowing costs. Subsequent expenditure is capitalized to the asset's carrying amount only when it is probable that future economic benefits associated with the expenditure will flow to the Company and the cost of the item can be measured reliably. All other repairs and maintenance costs are expensed when incurred. When part of an investment property is replaced, the carrying amount of the replaced part is derecognized.

B. Depreciation

Investment properties (building) are depreciated on Straight line method over their estimated useful lives as specified in Schedule II to Companies Act, 2013. Leasehold Land is being amortized over the lease period. Residual lives, useful lives and depreciation method of investment properties are reviewed, and adjusted on prospective basis as appropriate, at each financial year end. The effects of any revision are included in the Statement of Profit and Loss when the changes arise.

1.3.3 Impairment of property, plant and equipment

An assessment is done at each balance sheet date as to whether there are any indications that an asset may be impaired. If any such indication exists, an estimate of the recoverable amount of the asset/Cash Generating Unit (CGU) is made. Where the carrying value of the asset/CGU exceeds the recoverable amount, the carrying value is written down to the recoverable amount.

1.3.4 Cash and Cash Equivalents

Cash and Cash Equivalents includes cash in hand, deposits with Banks, other short-term highly liquid investments with original maturities of three months or less that are readily convertible to known amounts of cash and which are subject to an insignificant risk of changes in value.

1.3.5 Financial Instruments

A. Investment in subsidiary and associates

The Company has accounted for its investment in subsidiaries and associates at cost.

B. Other Investments and financial assets**(i) Classification**

The Company classifies its financial assets in the following measurement categories:

- those to be measured subsequently at fair value (either through other comprehensive income (FVTOCI), or through profit or loss(FVTPL)), and
- those measured at amortised cost.

The classification is done depending upon the Company's business model for managing the financial assets and the contractual terms of the cash flows.

For assets classified as 'measured at fair value', gains and losses will either be recorded in profit or loss or other comprehensive income, as elected. For assets classified as 'measured at amortised cost', gain and losses will be recorded in profit or loss.

(ii) Measurement**Initial Measurement**

Financial assets are initially recognised on the trade date, i.e., the date that the Company becomes a party to the contractual provisions of the instrument. At initial recognition, the Company measures a financial asset at its fair value including, in the case of 'a financial asset not at fair value through profit or loss', transaction costs that are directly attributable to the acquisition of the financial asset. Transaction costs of financial assets carried at 'fair value through profit or loss' are expensed in profit or loss.

Subsequent Measurement

Subsequent measurement of financial assets depends on the Company's business model for managing the financial asset and the cash flow characteristics of the financial asset. There are three measurement categories into which the Company classifies its financial instruments.

At amortised cost

Financial assets that are held for collection of contractual cash flows where those cash flows represent solely payments of principal and interest are measured at amortised cost e.g. Preference Shares. A gain or loss on a financial asset that is subsequently measured at amortised cost is recognised in the Statement of Profit and Loss when the asset is derecognised or impaired. Interest income from these financial assets is included in investment income using the effective interest rate method.

At fair value through profit or loss

Financial assets that do not meet the criteria for amortised cost, are measured at fair value through profit or loss e.g. investments in mutual funds. A gain or loss on a financial asset that is subsequently measured at fair value through profit or loss is recognised in profit or loss and presented net in the Statement of Profit and Loss within other gains/(losses) in the period in which it arises.

At fair value through other comprehensive income

The Company's management has elected to classify irrevocably some of its equity investments as equity instruments at FVTOCI. Gains and losses on these equity instruments are never recycled to Statement of Profit and Loss. Dividends are recognised in Statement of Profit and Loss as dividend income when the right of the payment has been established, except when the Company benefits

from such proceeds as a recovery of part of the cost of the instrument, in which case, such gains are recorded in OCI. Equity instruments at FVTOCI are not subject to an impairment assessment.

Business model assessment

The Company considers all relevant information available while making the business model assessment. The Company takes into account all relevant evidence available such as:

- how the performance of the business model and the financial assets held within that business model are evaluated and reported to the entity's key management personnel;
- the risks that affect the performance of the business model (and the financial assets held within that business model) and, in particular, the way in which those risks are managed; and
- how managers of the business are compensated (e.g. whether the compensation is based on the fair value of the assets managed or on the contractual cash flow collected).

The Company reassess its business models each reporting period to determine whether the business models have changed since the preceding period. For the current and prior reporting period the Company has not identified a change in its business models.

The SPPI test (Solely Payments of Principal and Interest)

As a second step of its classification process the Company assesses the contractual terms of financial assets to identify whether they meet the SPPI test.

'Principal' for the purpose of this test is defined as the fair value of the financial assets at initial recognition and may change over the life of the financial asset.

The most significant elements of interest within a lending arrangement are typically the consideration for the time value of money and credit risk.

(iii) Reclassification of financial assets

The Company does not reclassify its financial assets subsequent to their initial recognition.

(iv) Derecognition of Financial Assets

A Financial Asset is primarily derecognized when:

- The right to receive cash flows from asset has expired, or
- The Company has transferred its right to receive cash flows from the asset or has assumed an obligation to pay the received cash flows in full without material delay to a third party and either:
 - a) The Company has transferred substantially all the risks and rewards of the asset, or
 - b) The Company has neither transferred nor retained substantially all the risks and rewards of the asset, but has transferred control of the asset.

1.3.6 Financial liabilities

(i) Classification as Debt or Equity

Debt and Equity instruments issued by a company are classified as either financial liabilities or as equity in accordance with the substance of the contractual arrangements and the definitions of a financial liability and an equity instrument.

(ii) Initial recognition and measurement

All financial liabilities are recognised initially at fair value and in case of loans net of directly attributable cost. Fees of recurring nature are directly recognised in profit or loss as finance cost.

(iii) Subsequent measurement

Financial liabilities are carried at amortised cost using the effective interest method. Other financial liabilities maturing within one year from the Balance Sheet date, the carrying amounts approximate fair value due to the short maturity of these instruments.

(iv) Reclassification of financial liabilities

The Company does not reclassify its financial liabilities subsequent to their initial recognition.

(v) Derecognition of financial liabilities

Financial liabilities are derecognised when the Company's obligations are discharged, cancelled or have expired.

1.3.7 Provisions, Contingent Liabilities and Contingent Assets

Provisions are recognized when the Company has a present obligation (legal or constructive) as a result of a past event, it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and a reliable estimate of the amount of the obligation. When the Company expects some or all of a provision to be reimbursed, the reimbursement is recognized as a separate asset, but only when the reimbursement is virtually certain. The expense relating to a provision is presented in the statement of profit and loss net of any reimbursement. If the effect of the time value of money is material, provisions are discounted using a current pre tax rate that reflects, when appropriate, the risks specific to the liability. When discounting is used, the increase in the provision due to the passage of time is recognized as a finance cost.

Contingent liability is disclosed in the case of:

- A present obligation arising from past events, when it is not probable that an outflow of resources will be required to settle the obligation.
- A present obligation arising from past events, when no reliable estimate is possible:
- A possible obligation arising from past events, unless the probability of outflow of resources is remote. Provisions, contingent liabilities & contingent assets are reviewed at each balance sheet date.

1.3.8 Revenue recognition

The Company recognises revenue (including rent, etc.) on accrual basis to the extent that it is probable that the economic benefits will flow to the Company and the revenue can be reliably measured. However, where the ultimate collection of revenue lacks reasonable certainty, revenue recognition is deferred.

(i) Interest income

Interest on loans and advances/deposits are accounted on accrual basis. Overdue interest on lease rentals, loans & advances is accounted for on actual receipt basis. For all financial instruments measured at amortized cost, interest income is recorded using effective interest rate (EIR), which is the rate that exactly discounts the estimated future cash payments or receipts through the expected life of the financial instrument or a shorter period, where appropriate, to the net carrying amount of the financial asset.

(ii) Net Gain/ Loss on Fair Value Changes

Any differences between the fair values of the investment in mutual funds classified as fair value through the profit or loss, held by the Company on the balance sheet date is recognised as an unrealised gain/loss in the Statement of Profit and Loss. In cases there is a net gain in aggregate, the same is recognised in “Net gains or fair value changes” under revenue from operations and if there is a net loss the same is disclosed “Expenses”, in the statement of profit and loss.

(iii) Dividends

Dividends are recognised in the Statement of Profit and Loss only when the right to receive payment is established, and it is probable that the economic benefits associated with the dividend will flow to the Company and that the amount of the dividend can be measured reliably.

(iv) Other Income

Other operational revenue represents income earned from the activities incidental to the business and is recognised when the right to receive the income is established as per the terms of the contract.

1.3.9 Employee benefits

(i) Defined Contribution Plan

Contributions to the Employees’ Provident Fund, Superannuation Fund and Employees’ Pension Scheme are recognized as defined contribution plan and charged as expenses during the period in which the employees perform the services.

(ii) Defined Benefit Plan

The Company’s liabilities on account of gratuity and earned leave on retirement of employees are determined at the end of each financial year on the basis of actuarial valuation certificates obtained from Registered Actuary in accordance with the measurement procedure as per Indian Accounting Standard (Ind AS)-19., ‘Employee Benefits’ gratuity liability is funded on year-to-year basis by contribution to fund. The costs of providing benefits under these plan are also determined on the basis of actuarial valuation at each year end. Actuarial gains and losses for defined benefit plans are recognized through OCI in the period in which they occur. Re-measurements are not reclassified to Statement of Profit or Loss in subsequent periods.

Defined benefit plan can be short term or long terms which are defined below:

(a) Short-term employee benefits

All employees’ benefits payable wholly within twelve months rendering services are classified as short term employee benefits. Benefits such as salaries, wages, short-term compensated absences, etc. are recognized during the period in which the employee renders related service.

(b) Long-term employee benefits

Compensated absences which are not expected to occur within 12 months after the end of the period in which the employee renders the related services are recognized as a liability at the present value of the defined benefit obligation at the balance sheet date.

(iii) Termination benefits

Termination benefits are recognized as an expense in the period in which they are incurred. The Company shall recognise a liability and expense for termination benefits at the earlier of the following dates:

- (a) When the entity can no longer withdraw the offer of those benefits; and
- (b) When the entity recognises costs for a restructuring that is within the scope of Ind AS 37 and involves the payment of termination benefits.

1.3.10 Finance Costs

The finance costs includes interest on loans and borrowings from banks and financial institutions, interest on loans from group companies and interest on financial liabilities measured at amortised cost. The interest on financial liabilities is calculated as per the effective interest method.

1.3.11 Leases

A. Company as a lessee

The Company assesses if a contract is or contains a lease at inception of the contract. A contract is, or contains, a lease if the contract conveys the right to control the use of an identified asset for a period time in exchange for consideration.

The lease liability is initially measured at the present value of the lease payments that are not paid at the commencement date, discounted using the interest rate implicit in the lease, or, if not readily determinable, the incremental borrowing rate specific to the country, term and currency of the contract.

Lease payments can include fixed payments, variable payments that depend on an index or rate known at the commencement date, as well as any extension or purchase options, if the Company is reasonably certain to exercise these options. The lease liability is subsequently measured at amortized cost using the effective interest method and remeasured with a corresponding adjustment to the related right-of-use asset when there is a change in future lease payments in case of renegotiation, changes of an index or rate or in case of reassessments of options.

The right-of-use asset comprises, at inception, the initial lease liability, any initial direct costs and, when applicable, the obligations to refurbish the asset, less any incentives granted by the lessors. The right-of-use asset is subsequently depreciated, on a straight-line basis, over the lease term, if the lease transfers the ownership of the underlying asset to the Company at the end of the lease term or, if the cost of the right-of-use asset reflects that the lessee will exercise a purchase option, over the estimated useful life of the underlying asset. Right-of-use assets are also subject to testing for impairment if there is an indicator for impairment. Variable lease payments not included in the measurement of the lease liabilities are expensed to the statement of operations in the period in which the events or conditions which trigger those payments occur. In the statement of financial position right-of-use assets and lease liabilities are classified respectively as part of property, plant and equipment and short-term/long-term debt.

B. Company as a lessor

Leases in which the Company does not transfer substantially all the risks and rewards of ownership of an asset are classified as operating leases. Rental income from operating lease shall not be straight-lined, if escalation in rentals is in line with expected inflationary cost. Initial direct costs incurred in negotiating and arranging an operating lease are added to the carrying amount of the leased asset and recognised over the lease term on the same basis as rental income.

Contingent rentals are recognised as revenue in the period in which they are earned.

1.3.12 Taxes on Income

A. Current Tax

Current tax assets and liabilities are measured at the amount expected to be recovered from or paid to the taxation authorities, in accordance with the Income Tax Act, 1961 and the Income Computation and Disclosure Standards prescribed therein.

The tax rates and tax laws used to compute the amount are those that are enacted or substantively enacted, at the reporting date.

Management periodically evaluates positions taken in the tax returns with respect to situations in which applicable tax regulations are subject to interpretation and establishes provisions where appropriate. Current tax items are recognised in correlation to the underlying transaction either in other comprehensive income or directly in equity.

B. Deferred Tax

Deferred tax is provided using the balance sheet approach on temporary differences at the reporting date between the tax bases of assets and liabilities and their carrying amounts for financial reporting purposes at the reporting date. The carrying amount of deferred tax assets and liabilities are reviewed at each reporting date and reduced to the extent that it is no longer probable that sufficient taxable profit will be available to allow all or part of the deferred tax asset or deferred tax liabilities to be utilized. Unrecognized deferred tax assets/ deferred tax liabilities are reassessed at each reporting date and are recognized to the extent that it has become probable that future taxable profits will allow the deferred tax asset/ deferred tax liabilities to be recovered.

Deferred tax assets and liabilities are measured at the tax rates that are expected to apply in the year when the asset is realized or the liability is settled, based on tax rates (and tax laws) that have been enacted or substantively enacted at the reporting date.

Deferred tax items are recognized in correlation to the underlying transaction either in other comprehensive income or directly in equity.

1.3.13 Goods and service tax/value added taxes paid on acquisition of assets or on incurring expenses.

Expenses and assets are recognised net of the goods and services tax/value added taxes paid, except:

- When the tax incurred on a purchase of assets or services is not recoverable from the taxation authority, in which case, the tax paid is recognised as part of the cost of acquisition of the asset or as part of the expense item, as applicable.
- When receivables and payables are stated with the amount of tax included.

1.3.14 Statement of Cash Flows

Statement of cash flows is prepared segregating the cash flows into operating, investing and financing activities. Cash flow from operating activities is reported using indirect method adjusting the net profit for the effects of:

- i) changes during the period in operating receivables and payables transactions of a non-cash nature;
- ii) non-cash items such as depreciation, provisions, deferred taxes, unrealised gains and losses; and
- iii) all other items for which the cash effects are investing or financing cash flows.

Cash and cash equivalents (including bank balances) shown in the Statement of Cash Flows exclude items which are not available for general use as on the date of Balance Sheet.

1.3.15 Earnings per share

Basic earnings per share is calculated by dividing the net profit or loss for the period attributable to equity shareholders by the weighted average number of equity shares outstanding during the period. Earnings considered in ascertaining the Company's earnings per share is the net profit for the period.

The weighted average number of equity shares outstanding during the period and all periods presented is adjusted for events, such as bonus shares, other than the conversion of potential equity shares that have changed the number of equity shares outstanding without a corresponding change in resources. For the purpose of calculating diluted earnings per share, the net profit or loss for the period attributable to equity shareholders and the weighted average number of share outstanding during the period is adjusted for the effects of all dilutive potential equity shares.

1.3.16 Dividends paid on equity shares

The Company recognises a liability to make cash distributions to equity holders of the Company when the distribution is authorised and the distribution is no longer at the discretion of the Company. As per the corporate laws in India, a distribution is authorised when it is approved by the shareholders. A corresponding amount is recognised directly in equity.

1.3.17 Standards issued but not yet effective

Ministry of Corporate Affairs ("MCA") notifies new standard or amendments to the existing standards under Companies (Indian Accounting Standards) Rules as issued from time to time. On March 23, 2022, MCA amended the Companies (Indian Accounting Standards) Amendment Rules, 2022, applicable from April 1, 2022, as below:

- i. Ind AS 103 – Reference to Conceptual Framework** - The amendments specify that to qualify for recognition as part of applying the acquisition method, the identifiable assets acquired and liabilities assumed must meet the definitions of assets and liabilities in the Conceptual Framework for Financial Reporting under Indian Accounting Standards (Conceptual Framework) issued by the Institute of Chartered Accountants of India at the acquisition date. These changes do not significantly change the requirements of Ind AS 103. The Company does not expect the amendment to have any significant impact in its financial statements.
- ii. Ind AS 16 – Proceeds before intended use** - The amendments mainly prohibit an entity from deducting from the cost of property, plant and equipment amounts received from selling items produced while the company is preparing the asset for its intended use. Instead, an entity will recognise such sales proceeds and related cost in profit or loss. The Company does not expect the amendments to have any impact in its recognition of its property, plant and equipment in its financial statements.
- iii. Ind AS 37 – Onerous Contracts - Costs of Fulfilling a Contract** - The amendments specify that the 'cost of fulfilling' a contract comprises the 'costs that relate directly to the contract'. Costs that relate directly to a contract can either be incremental costs of fulfilling that contract (examples would be direct labour, materials) or an allocation of other costs that relate directly to fulfilling contracts. The amendment is essentially a clarification and the Company does not expect the amendment to have any significant impact in its financial statements.
- iv. Ind AS 109 – Annual Improvements to Ind AS (2021)** - The amendment clarifies which fees an entity includes when it applies the '10 percent' test of Ind AS 109 in assessing whether to derecognise a financial liability. The Company does not expect the amendment to have any significant impact in its financial statements.

1.3.18 Significant accounting judgements, estimates and assumptions

The preparation of the Company's financial statements requires management to make judgements, estimates and assumptions that affect the reported amounts of revenues, expenses, assets and liabilities, and the accompanying disclosures, and the disclosure of contingent liabilities. Uncertainty about these assumptions and estimates could result in outcomes that require a material adjustment to the carrying amount of assets or liabilities affected in future periods.

A. Judgement

In the process of applying the Company's accounting policies, management has made the following estimates, assumptions and judgements, which have the most significant effect on the amounts recognised in the financial statements:

(i) Contingencies

Contingent liabilities may arise from the ordinary course of business in relation to claims against the Company, including legal, contractual, land access and other claims. By their nature, contingencies will be resolved only when one or more uncertain future events occur or fail to occur. The assessment of the existence and potential quantum of contingencies inherently involves the exercise of significant judgement and the use of estimates regarding the outcome of future events

B. Estimates and assumptions

The key assumptions concerning the future and other key sources of estimating the uncertainty at the reporting date that have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities within the next financial year, are described below. Existing circumstances and assumptions about future developments, however, may change due to market changes or circumstances arising that are beyond the control of the Company. Such changes are reflected in the assumptions when they occur.

(i) Taxes

Deferred tax assets are recognised for unused tax losses to the extent that it is probable that taxable profit will be available against which the losses can be utilised. Significant management judgement is required to determine the amount of deferred tax assets that can be recognised, based upon the likely timing and the level of future taxable profits together with future tax planning strategies.

(ii) Defined benefit plans and other long term benefit plan (gratuity benefits and leave encashment)

The cost and present value of the defined benefit gratuity plan and leave encashment (other long term benefit plan) are determined using actuarial valuations. An actuarial valuation involves making various assumptions that may differ from actual developments in the future. These include the determination of the discount rate, future salary increases and mortality rates. Due to the complexities involved in the

valuation and its long-term nature, a defined benefit obligation and other long term benefits are highly sensitive to changes in these assumptions. All assumptions are reviewed at each reporting date.

The parameter most subject to change is the discount rate. In determining the appropriate discount rate for plans operated in India, the management considers the market yield on government bonds in currencies consistent with the currencies of the post-employment benefit obligation.

The mortality rate is based on publicly available mortality tables. Those mortality tables tend to change only at interval in response to demographic changes. Future salary increases and gratuity increases are based on expected future inflation rates for the respective countries.

(iii) Fair value measurement of financial instruments.

When the fair values of financial assets and financial liabilities recorded in the balance sheet cannot be measured based on quoted prices in active markets, their fair value is measured using valuation techniques. The inputs to these models are taken from observable markets where possible, but where this is not feasible, a degree of judgement is required in establishing fair values. Judgements include considerations of inputs such as liquidity risk, credit risk and volatility. Changes in assumptions about these factors could affect the reported fair value of financial instruments.

(iv) Estimation uncertainty relating to the global health pandemic on COVID-19

In assessing the recoverability of certain assets, the Company has considered internal and external information up to the date of approval of the financial statements including economic forecasts. Based on current indicators of future economic conditions, the Company expects to recover the carrying amount of these assets.

Estimation of fair value

The best evidence of fair value is current prices in an active market for similar properties. Investment properties leased out by the Company are cancellable leases. The market rate for sale/purchase of such premises are representative of fair values. Company's investment properties are at a location where active market is available for similar kind of properties. Hence in earlier year, fair value is ascertained on the basis of market rates prevailing for similar properties in those location determined by an independent registered valuer. Management estimates that there is no major change in fair valuation as on March 31, 2022 and March 31, 2021.

- (e) The principal actuarial assumptions used for estimating the Company's defined benefit obligations for gratuity are set out below:

Particulars	As at 31 st March, 2022	As at 31 st March, 2021
Economic Assumptions		
Discount Rate	6.81	6.31
Expected Rate of increase in salary	5.50	5.50
Demographic Assumption		
Retirement Age (Years)	58/65	58/65
Mortality rates inclusive of provision for disability **	100% of IALM (2012 - 14)	100% of IALM (2012 - 14)
Withdrawal rate		
Up to 30 Years	3.00%	3.00%
From 31 to 44 years	2.00%	2.00%
Above 44 years	1.00%	1.00%

** The principal assumptions are the discount rate & salary growth rate. The discount rate is generally based upon the market yields available on Government bonds. The estimate of rate of escalation in salary considered in actuarial valuation, taken into account inflation, seniority, promotion and other relevant factors including supply and demand in the employment market.

- (f) **Sensitivity analysis**

Particulars	Change in Assumptions	Increase/ (decrease) in Gratuity Obligations 31 st March, 2022
Discount rate	+0.50%	(1.13)
	-0.50%	1.16
Salary Growth rate	+0.50%	1.17
	-0.50%	(1.15)

The above sensitivity analysis is based on change in an assumption while holding all other assumption constant in practice, this is unlikely to occur, and change in some of the assumption may be correlated. When calculating the sensitivity of the defined benefit obligation to significant actuarial assumption the same method [projected unit credit method] has been applied as when calculating the defined benefit obligation recognized within the balance sheet.

- (g) **Estimate of expected benefit payments**

Particulars	As at 31 st March, 2022	As at 31 st March, 2021
Below 1 Year	2.91	10.33
1-2 Years	91.94	2.57
2-5 Years	31.88	71.37
more than 5 Years	3.40	38.39

37 (A) Fair valuation techniques

The Company maintains policies and procedures to value financial assets or financial liabilities using the best and most relevant data available. The fair values of the financial assets and liabilities are included at the amount that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Particulars	As at 31 st March, 2022		As at 31 st March, 2021	
	Carrying Amount	Fair Value	Carrying Amount	Fair Value

Total Financial Liabilities	26,533.48	26,533.48	40,898.39	40,898.39

The following methods and assumptions were used to estimate the fair values

- Fair value of cash and bank, loans and other financial assets and liabilities approximate their carrying amounts largely due to the short-term maturities of these instruments.
- Fair value of borrowings from banks and other financial liabilities, are estimated by discounting future cash flows using rates currently available for debt on similar terms and remaining maturities.
- Fair value of investments in associates and subsidiaries are measured at cost hence not disclosed in above table.

(B) Fair Value hierarchy

All financial assets and liabilities for which fair value is measured in the financial statements are categorised within the fair value hierarchy, described as follows.

Level 1 - Quoted prices in active markets.

Level 2 - Inputs other than quoted prices included within Level 1 that are observable, either directly or indirectly.

Level 3 - Inputs that are not based on observable market data.

The following table presents the fair value measurement hierarchy of financial assets and liabilities, which have been measured subsequent to initial recognition at fair value as at 31st March, 2022 and 31st March 2021.

Particulars	As at 31 st March, 2022		
	Level 1	Level 2	Level 3
Financial Assets			
Investment in mutual funds	2,517.16	-	-
Investment in Equity Shares	1,195.51	-	1,993.57
Financial Liabilities	-	-	-

Particulars	As at 31 st March, 2021		
	Level 1	Level 2	Level 3
Financial Assets			
Investment in mutual funds	1,833.42	-	-
Investment in Equity Shares	2,204.01	-	1,910.73
Financial Liabilities	-	-	-

During the year ended 31st March, 2022 and 31st March, 2021, there were no transfers between Level 1 and Level 2 fair value measurements, and no transfer into and out of Level 3 fair value measurements. There is no transaction / balance under level 3.

Fair value of quoted investments are based on quoted market price at the reporting date. Fair value of unquoted mutual funds are based on net assets value (NAV) at the reporting date. The fair value of unquoted investments in preference shares are estimated by discounting future cash flows using rates currently available for debt on similar terms, credit risk and remaining maturities. The fair value of unquoted investments in equity shares are estimated on net assets basis.

38 Financial risk management objectives and Policies

The Company's activities are exposed to a variety of financial risks from its operations. The key financial risks include market risk (including interest rate risk and foreign currency risk), credit risk and liquidity risk. The Company's overall risk management policy seeks to minimize potential adverse effects on Company's financial performance.

- (i) **Market Risk:** Market risk is the risk that the fair value of future cash flows of a financial instrument will fluctuate because of changes in market prices. Market risk includes interest rate risk and foreign currency risk. The objective of market risk management is to manage and control market risk exposures within acceptable parameters, while optimising the return.
- (a) **Interest Rate Risk:** Interest rate risk is the risk that the fair value of future cash flows of a financial instrument will fluctuate because of changes in market interest rates. Any change in the interest rates environment may impact future rates of borrowing. The Company mitigates this risk by regularly assessing the market scenario, finding appropriate financial instruments, interest rate negotiation with the lenders for ensuring the cost effective method of financing.

Interest Rate Sensitivity: The following table demonstrates the sensitivity to a reasonable possible change in interest rate on financial assets affected. With all other variable held constant, the Company's profit before tax is affected through the impact on finance cost with respect to our borrowing, as follows:

NOTES FORMING PART OF THE STANDALONE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31ST MARCH, 2022
(All amount in ₹ Lakhs, except otherwise stated)

A change in 50 basis points in interest rates would have following impact on profit before tax

Change in basis point	+50	+50
Effect on profit before tax	-	-
Change in basis point	-50	-50
Effect on profit before tax	-	-

- (b) **Foreign Currency Risk:** Foreign currency risk is the risk that the fair value or future cash flows of an exposure will fluctuate because of changes in foreign exchange rates. The Company has long term investment in foreign group company. Therefore Company's exposure to foreign currency risk is limited.
- (ii) **Credit Risk:** The Company being an investment company, credit risk refers to the risk that a counterparty may default on its contractual obligations leading to a financial loss to the Company. Credit risk primarily arises from cash equivalents, financial assets measured at amortised cost and financial assets measured at fair value through profit or loss.

Credit risk arises primarily from financial assets such as loans and other receivables and other balances with banks.

The major investments of the Company is in the group companies which includes investment in subsidiary companies and associates. The company has also made investments in quoted equity shares and units of mutual funds on the basis of risk and returns of the respective equity shares and mutual fund scheme.

The Company applies expected credit losses (ECL) model for measurement and recognition of loss allowance on financial assets measured at amortised cost.

- (iii) **Liquidity Risk:** Liquidity risk is the risk, where the company will encounter difficulty in meeting the obligations associated with its financial liabilities that are settled by delivering cash or another financial asset. The Company's approach to ensure, as far as possible, that it will have sufficient liquidity to meet its liabilities when due. The table below summarizes the maturity profile of Company's financial liabilities based on contractual undiscounted payments :-

c	Other financial liabilities	314.27	206.63	520.90

- (iv) **Price Risk:** The Company's exposure to equity securities risk arises from investments held by the Company and classified in the Balance Sheet as fair value through OCI / valued at cost. The Company's exposure to securities price risk arises from investments held in mutual funds and classified in the balance sheet at fair value through profit or loss. NAV of these investments are available from the mutual fund houses. To manage its price risk arising from such investments, the company diversifies its portfolio.

39 Capital Risk Management

The Company operates as an Investment Company and consequently is registered as a Non-Banking Financial Institution - Non Deposit taking - Systemically Important Core Investment Company - (NBFC-CIC-ND-SI) with Reserve Bank of India. The Company's policy is to maintain an adequate capital base so as to have market confidence and to sustain future development. Capital includes issued capital, share premium and all other equity reserves attributable to equity holders. The primary objective of the Company's capital management is to maintain an optimal structure so as to maximize the shareholder's value. In order to strengthen the capital base, the Company may use appropriate means to enhance or reduce capital, as the case may be.

The Company monitors capital using a gearing ratio, which is net debt divided by total capital plus net debt. Net Debt is calculated as borrowings less cash and cash equivalents.

INDEPENDENT AUDITORS' REPORT

To the Members of Bengal & Assam Company Limited

Report on the Audit of the Consolidated Financial Statements

Opinion

We have audited the accompanying Consolidated Financial Statements of Bengal & Assam Company Limited (“the Parent Company”) and its subsidiaries (the Parent Company, its subsidiaries and its associates, together referred to as “the Group”), which comprise the Consolidated Balance Sheet as at March 31, 2022, the Consolidated Statement of Profit and Loss (including Other Comprehensive Income) for the year ended on that date, the Consolidated Statement of Changes in Equity and the Consolidated Statement of Cash Flows for the year ended on that date, and notes to the Consolidated Financial Statements, including a summary of significant accounting policies and other explanatory information (hereinafter referred to as “the Consolidated Financial Statements”).

In our opinion and to the best of our information and according to the explanations given to us and based on the consideration of reports of other auditors on separate financial statements of such subsidiaries, as were audited by the other auditors and in case of entities referred to in paragraph “b” of other matter para below, based on consideration of management certified statements, the aforesaid Consolidated Financial Statements give the information required by the Companies Act 2013 (“the Act”) in the manner so required and give a true and fair view in conformity with the Indian Accounting Standards prescribed under section 133 of the Companies Act, 2013 read with the Companies (Indian Accounting Standards) Rules 2015, as amended (“Ind AS”) and other accounting principles generally accepted in India, of the state of affairs of the Group as at March 31, 2022, and its profit, total comprehensive income, changes in equity and its cash flows for the year ended on that date.

Basis for Opinion

We conducted our audit of the Consolidated Financial Statements in accordance with Standards on Auditing (SAs) specified under section 143(10) of the Act. Our responsibilities under those Standards are further described in the Auditor’s Responsibilities for the Audit of the Consolidated Financial Statements section of our report. We are independent of the Group in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India (“ICAI”) together with the ethical requirements that are relevant to our audit of the Consolidated Financial Statements under the provisions of the Act, and the rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and ICAI’s Code of Ethics. We believe that the audit evidence we have obtained along with the consideration of audit reports of the other auditor is sufficient and appropriate to provide a basis for our opinion on the Consolidated Financial Statements.

Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the Consolidated Financial Statements of the current year. These matters were addressed in the context of our audit of the Consolidated Financial Statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters. We have determined the matters described below to be the key audit matters to be communicated in our report. The results of audit procedures performed by us and by other auditors of components not audited by us, as reported by them in their audit reports furnished to us by the management, including those procedures wherever performed to address the matters below, provide the basis for our audit opinion on the accompanying Consolidated Financial Statements.

KEY AUDIT MATTERS	RESPONSE TO KEY AUDIT MATTER
<p>Revenue recognition (JK Tyre & Industries Limited - Consolidated Financials)</p> <p>The group recognizes revenue at the point in time when control of the goods is transferred to the customer at an amount that reflects the consideration to which the Group expects to be entitled in exchange for those goods or services. In determining the transaction price for the sale, the Group considers the effects of variable consideration and consideration receivable from the customer.</p> <p>For the year ended March 31, 2022, the Group's Statement of Profit and Loss included sales of Rs.11,85,290 lacs. Some terms of sales arrangements are governed by incoterms, including the timing of transfer of control. The nature of rebates, discounts and sale returns, if any, involve judgement in determining sales revenues and revenue cut-off. The risk is, therefore, that revenue may not be recognized in the correct period or that revenue and associated profit is misstated.</p>	<p>Principal Audit Procedures (by Other Auditor)</p> <ul style="list-style-type: none"> • We performed process walkthrough to understand the adequacy and the design of the revenue cycle. We tested internal control in the revenue and trade receivables over the accuracy and timing of revenue accounted in the financial statements. • Understanding the policies and procedures applied to revenue recognition, as well as compliance thereof, including as analysis of the effectiveness of control related to revenue recognition processes employed by the Group. • We reviewed the revenue recognition policy applied by the company to ensure its compliance with Ind-AS 115 requirements. • We performed a detailed testing on transactions, ensuring revenues were recognized in the correct accounting period. We also tested journal entries recognized in revenue focusing on unusual or irregular transactions. • We validated the appropriateness and completeness of the related disclosures in the Consolidated Financial Statements.
<p>Trade receivables (JK Agri Genetics Limited)</p> <p>The estimation of the allowance for trade receivables is a significant judgement area and is, therefore, considered a key audit matter.</p>	<p>Principal Audit Procedures</p> <p>Our audit approach was a combination of test of internal controls and substantive procedures which included the following:</p> <ul style="list-style-type: none"> • Evaluated and tested the controls for managing trade receivables and subsequent recovery. • Validated the assumptions underlying the Expected Credit Loss policy (ECL). • Assessed the recoverability of long outstanding and made provisions where considered doubtful for recovery. • Evaluated the status of disputes and possibility of recovery, wherever consider doubtful. • In case of arbitration cases specific letters were sent to the lawyers and based on their reply, assessed management's judgment for recoverability. • Independent confirmations were called and alternate audit procedures applied in case of non replies. • Assessed the appropriateness and completeness of the related disclosure. <p>Also refer emphasis of matter paragraph below.</p>
<p>Inventory (JK Agri Genetics Limited)</p> <p>Various procedures are involved in validating inventory quantities across locations. The provisions are made as per policy which requires significant judgement.</p>	<p>Principal Audit Procedures</p> <p>Our audit approach was a combination of test of internal controls and substantive procedures which included the following:</p> <ul style="list-style-type: none"> • Identified and assessed slow moving material for valuation and the process of revalidation to identify obsolescence.

KEY AUDIT MATTERS	RESPONSE TO KEY AUDIT MATTER
	<ul style="list-style-type: none"> • Item-wise inventory reconciliation considering opening and closing stock, purchases, sales, revalidation losses and provisions. • Reviewed the policy of physical verification of inventory by the management and its operational implementation. • Independent physical verification on sample basis by audit team at the year end. • Independent and signed confirmations from Carrying & Forwarding agents, other third parties for confirmation of inventory in their possession as at the year end. • Assessed the appropriateness and completeness of the related disclosures.
<p>Recognition of deferred tax assets (JK Agri Genetics Limited)</p> <p>The analysis of the recoverability of deferred tax assets including MAT credit entitlement has been identified as a key audit matter because the assessment process involves judgement regarding the future profitability and the likelihood of the realization of these assets in particular whether there will be taxable profits in future periods that support the recognition of these assets. This requires assumptions regarding future profitability which is inherently uncertain. Accordingly, the same is considered as a key audit matter.</p>	<p><u>Principal Audit Procedures</u></p> <p>Our audit approach was a combination of test of internal controls and substantive procedures which included the following:</p> <ul style="list-style-type: none"> • Obtained, discussed and analyzed the future projections after vetting the assumptions and bench marking against past trends. • Obtained evidence of the approval of the budgeted results included in the current year's projections and the reasonableness of the future cash flow projections and the consistency of those projections with those used in other areas of estimation such as those used for assessing the recoverability of assets. • Assessed the appropriateness and completeness of the related disclosure.
<p>Evaluation of uncertain tax positions (Umang Dairies Limited)</p> <p>The Company has material uncertain tax positions including matters under dispute which involves significant judgment to determine the possible outcome of these disputes.</p> <p>There are several pending sales tax, income tax and other demands against the Company across various jurisdictions. Accordingly, management exercises its judgement in estimation of provision required in respect of such cases. The evaluation of management's judgements, including those that involve estimations in assessing the likelihood that a pending claim will succeed, or a liability will arise, and the quantification of the ranges of potential financial settlement have been a matter of most significance during the current year audit.</p> <p>Accordingly, due to complexity/ Judgement involved in outcome of these dispute. Uncertain tax positions were determined to be a key audit matter in our audit of financial statements.</p>	<p><u>Principal Audit Procedures (by Other Auditor)</u></p> <p>We have obtained details of complete tax assessments and demands raised till March 31, 2022 from management. We considered management's assessment of the validity and adequacy of provisions for uncertain tax positions, evaluating the basis of assessment and reviewing relevant correspondence and legal advice where available including any information regarding similar cases with the relevant tax authorities. We have discussed the management's assumptions in estimating the tax provision and the possible outcome of the disputes.</p> <p>In respect of various tax demands and liabilities, we assessed the appropriateness of management's assumptions, estimates and disclosure / adjustments in the financial statements.</p>

Valuation of inventories (Umang Dairies Limited)	Principal Audit Procedures (by Other Auditor)
<p>As at March 31, 2022, the total carrying value of inventories was Rs 5273.05 lakhs. The assessment of impairment of inventories involves significant estimation uncertainty, subjective assumptions and the application of significant judgement.</p> <p>Reviews are made periodically by management on inventories for obsolescence and decline in net realizable value below cost. Allowances are recorded against the inventories for any such declines based on historical obsolescence and slow-moving history. Key factors considered include the nature of the stock, Its ageing, shelf life and turnover rate.</p>	<p>We have checked and analyzed the ageing of the inventories, reviewed the historical trend on whether there were significant inventories written off or reversal of the allowances for inventory obsolescence. We conducted a detailed discussion with the management and considered the current economic environment. We have also reviewed the subsequent selling prices in the ordinary course of business and compared against the carrying amounts of the inventories on a sample basis at the reporting date.</p> <p>We found management’s assessment of the allowance for inventory obsolescence and valuation of inventories to be reasonable based on available evidence.</p>

Information other than the Consolidated Financial Statements and auditor’s report thereon

The Company’s Board of Directors is responsible for the other information. The other information comprises the information included in the Company’s annual report but does not include the Consolidated Financial Statements and our auditor’s report thereon.

Our opinion on the Consolidated Financial Statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the Consolidated Financial Statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the Consolidated Financial Statements or our knowledge obtained in the audit or otherwise appears to be materially misstated.

If, based on the work we have performed, we conclude that there is a material misstatement of this other information we are required to report that fact. We have nothing to report in this regard.

Responsibilities of Management and Those Charged with Governance for the Consolidated Financial Statements

The Parent Company’s Board of Directors are responsible for the preparation and presentation of these Consolidated Financial Statements in terms of the requirements of the Act that give a true and fair view of the consolidated financial position, consolidated financial performance including other comprehensive income, consolidated cash flows and consolidated statement of changes in equity of the Group in accordance with the accounting principles generally accepted in India, including Ind AS. The respective Board of Directors of the companies included in the Group are responsible for maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the respective companies included in the Group and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and the design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the Consolidated Financial Statements that give a true and fair view and are free from material misstatement, whether due to fraud or error, which have been used for the purpose of preparation of the Consolidated Financial Statements by the Directors of the Parent Company, as aforesaid.

In preparing the Consolidated Financial Statements, the respective Board of Directors of the Parent company and of its subsidiaries are responsible for assessing the ability of the Company and of its subsidiaries to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

The respective Board of Directors of the Parent Company and of its subsidiaries are also responsible for overseeing the financial reporting process of the Parent Company and of its subsidiaries.

Auditor's Responsibilities for the Audit of the Consolidated Financial Statements

Our objectives are to obtain reasonable assurance about whether the Consolidated Financial Statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these Consolidated Financial Statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the Consolidated Financial Statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal financial controls relevant to the audit in order to design audit procedures that are appropriate in the circumstances, under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Company has adequate internal financial controls with reference to Consolidated Financial Statements in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the ability of the Company to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the Consolidated Financial Statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the Consolidated Financial Statements, including the disclosures, and whether the Consolidated Financial Statements represent the underlying transactions and events in a manner that achieves fair presentation.
- Obtain sufficient appropriate audit evidence regarding the financial information of the entities or business activities within the Company and its subsidiaries of which we are the independent auditors and whose financial information we have audited, to express an opinion on the Consolidated Financial Statements. We are responsible for the direction, supervision and performance of the audit of the financial statements of such entities included in the Consolidated Financial Statements of which we are the independent auditors. For the other entities included in the Consolidated Financial Statements, which have been audited by other auditors, such other auditors remain responsible for the direction, supervision and performance of the audits carried out by them. We remain solely responsible for our audit opinion.

Materiality is the magnitude of misstatements in the Consolidated Financial Statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the Consolidated Financial Statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the Consolidated Financial Statements.

We communicate with those charged with governance of the Parent Company and such other entities included in the Consolidated Financial Statements of which we are the independent auditors regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the Consolidated Financial Statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

ANNEXURE 1 TO THE INDEPENDENT AUDITOR’S REPORT

[Referred to under ‘Report on Other Legal and Regulatory Requirements’ in the Independent Auditor’s Report of even date to the members of Bengal & Assam Company Limited on the Consolidated Financial Statements for the year ended March 31, 2022]

Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 (“the Act”)

In conjunction with our audit of the Consolidated Financial Statements of the Company as of and for the year ended March 31, 2022, we have audited the internal financial controls over financial reporting of **Bengal & Assam Company Limited** (the “Parent Company”) and its subsidiary company (the Parent company and its subsidiary together referred to as “the Group”), which are companies incorporated in India, as of that date.

Management’s Responsibility for Internal Financial Controls

The respective Board of Directors of the Group which are companies incorporated in India, are responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India (ICAI). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to the respective company’s policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditor’s Responsibility

Our responsibility is to express an opinion on the group’s internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls over Financial Reporting (the “Guidance Note”) and the Standards on Auditing specified under section 143(10) of the Act, to the extent applicable to an audit of internal financial controls, both issued by the ICAI. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor’s judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the internal financial controls system over financial reporting of the Company and its subsidiary companies, which are companies incorporated in India.

Meaning of Internal Financial Controls over Financial Reporting

A Company’s internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A Company’s internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the Company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the Company are being made only in accordance with authorisations of management and Directors of the Company; and (3) provide

reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, the Group, which comprises of the companies incorporated in India, have, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at March 31, 2022, based on the internal control over financial reporting criteria established by the group considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the ICAI.

1.1 The Group overview:

Bengal & Assam Company Limited is a Public Limited Company Incorporated under the Companies Act, 2013 having its Registered Office at 7, Council House Street, Kolkata, West Bengal-700001. The Company is a Core Investment Company-Non Deposit Taking-Systemically Important (CIC-ND-SI) registered with the Reserve Bank of India (RBI). As a Core Investment Company, the Company is holding investments in its subsidiaries, other group companies, money market mutual funds and carries out only such activities as are permitted under the guidelines issued by RBI for NBFC. Equity Shares of the Company are listed on BSE Limited (BSE), India. The consolidated financial statements comprise financial statements of Bengal & Assam Company Limited (the 'Company'), its subsidiaries, associates and joint venture (collectively, the 'Group') for the year ended 31st March, 2022.

These financial statements were approved and adopted by board of directors of the Company at their meeting held on 27th May, 2022.

1.2 Basis of Preparation and consolidation

(i) Basis of Preparation

These consolidated financial statements of the Group have been prepared in accordance with Indian Accounting Standards (Ind AS) notified under section 133 of the Companies Act, 2013 ('the Act') read together with the Companies (Indian Accounting Standards) Rules, 2015, as amended from time to time and other relevant provisions of the Act and the RBI guidelines/regulations to the extent applicable.

Accounting policies have been consistently applied except where a newly issued accounting standard is initially adopted or a revision to an existing accounting standard requires a change in the accounting policy hitherto in use. The financial statements are presented in INR and all values are rounded to the nearest INR Lakhs, except when otherwise indicated.

(ii) Basis of Consolidation

- a) The Financial Statements of the parent company and its subsidiaries have been consolidated on a line by line basis by adding together the book value of like items of assets, liabilities, income and expenses, after eliminating Intra-group balances, Intra-group transactions and unrealised profits or losses in accordance with Ind AS 110 - "Consolidated Financial Statements". The deferred tax to be recognised for temporary differences arises from elimination of profits and losses resulting from intra group transactions. Information have been disclosed to the extent available from component companies' audited financial statements.
- b) Non-controlling Interest represents the equity in a subsidiary not attributable, directly or indirectly to a Parent. Non-controlling interest in the net assets of the subsidiaries being consolidated is identified and presented in the consolidated Balance Sheet separately from the equity attributable to the Parent's shareholders and liabilities. Profit or loss and each component of other comprehensive income are attributed to Parent and to the non-controlling interest.
- c) In case of associates, where Company holds directly or indirectly through subsidiaries 20% or more equity or/and exercises significant influence, Investments are accounted for by using equity method in accordance with Ind AS 28 - "Investments in Associates and Joint Ventures".
- d) Post-acquisition, the Company accounts for its share in the change in net assets of the associates (after eliminating unrealised profits and losses resulting from transactions between the Company and its associates to the extent of its share), through its statement of profit and loss, other comprehensive income and through its reserves for the balance.

NOTES FORMING PART OF THE CONSOLIDATED FINANCIAL STATEMENT FOR THE YEAR ENDED 31ST MARCH, 2022

- e) The difference between the cost of investment and the share of net assets at the time of acquisition of shares in the subsidiaries and associates is identified in the financial statements as Goodwill or Capital Reserve as the case may be. However, for associates, Goodwill is not separately recognised but included in the value of investments.
- f) In case of foreign subsidiaries, revenue items are consolidated at the average exchange rate during the year. All assets and liabilities are translated at year end exchange rate. The resulting exchange differences are recognised as Other Comprehensive Income/(Loss) and disclosed accordingly.
- g) The Consolidated Financial Statements comprise of the financial statements of Bengal & Assam Company Limited (Parent Company) and the following as on 31.03.2022:
- i) **Subsidiaries:** The Control in subsidiary is gained when the Company is exposed, or has rights, to variable returns from its involvement with the entity and has the ability to affect those returns through its power over the entity. Generally, there is a presumption that a majority of voting rights result in control. To support this presumption and when the Company has less than a majority of the voting or similar rights, it considers all relevant facts and circumstances in assessing the control including the contractual arrangements, potential voting rights, right to direct relevant activities of entity.

- h) The financial statements of Hifazat Chemicals Ltd. (subsidiary under liquidation) have been excluded from consolidation as management has no direct/indirect control or significant influence over its functioning.
- i) The accounts of J.K International Ltd. and Western Tyre Holdings Inc. are exempt from audit.
- j) Hari Shankar Singhania Elastomer & Tyre Research Institute (HASETRI), approved scientific and research institute cannot be consolidated as the equity of the said institute is not available for distribution to its members.
- k) Significant Accounting Policies and Notes accompanying to the financial statements of the company and its subsidiaries are set out in their respective Financial Statements. Disclosures has been consolidated to the extent disclosed by the respective subsidiary companies.

(iii) Basis of Measurement

The consolidated financial statements have been prepared on accrual basis and under the historical cost convention except for the items that have been measured at fair value as required by relevant Ind AS.

(iv) Fair value measurement

Fair Value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

NOTES FORMING PART OF THE CONSOLIDATED FINANCIAL STATEMENT FOR THE YEAR ENDED 31ST MARCH, 2022

The fair value of an asset or a liability is measured using the assumptions that market participants would use when pricing the asset or liability, assuming that market participants act in their economic best interest.

A fair value measurement of a non- financial asset takes into account a market participant's ability to generate economic benefits by using the asset in its highest and best use or by selling it to another market participant that would use the asset in its highest and best use.

For the purpose of fair value disclosures, the Company has determined classes of assets and liabilities on the basis of the nature, characteristics and risks of the asset or liability and the level of the fair value hierarchy in which they fall.

(v) Financial/ Non- Financial assets and liabilities

Division III to Schedule III requires all items in the balance sheet of a NBFC to be classified as either financial or non-financial and be reflected as such. Further, para 54 of Ind AS 1 also specifies a requirement of presenting financial assets and financial liabilities as line items on the balance sheet separately from other items.

(vi) Use of Estimates

The preparation of the financial statements in conformity with Ind AS requires management to make estimates, judgments and assumptions. These estimates, judgments and assumptions affect the application of accounting policies and the reported amounts of assets and liabilities, the disclosures of contingent assets and liabilities at the date of the financial statements and reported amounts of revenues and expenses during the period. Application of accounting policies that require critical accounting estimates involving complex and subjective judgments and the use of assumptions in these financial statements have been disclosed in notes to the financial statements.

Accounting estimates could change from period to period. Actual results could differ from those estimates. Appropriate changes in estimates are made as management becomes aware of changes in circumstances surrounding the estimates. Changes in estimates are reflected in the financial statements in the period in which changes are made and, if material, their effects are disclosed in the notes to the financial statements.

1.3 Significant accounting policies:

The significant accounting policies to prepare consolidated financial statements are in uniformity with the standalone financial statements of the Company and subsidiaries. Following are the additional policies specifically considered for preparation of consolidated financial statements.

Business Combination:

Business Combinations are accounted for using the acquisition method. The cost of acquisition is measured at the aggregate of the fair values at the date of exchange of assets given, liabilities incurred or assumed and equity instruments issued by the Company in exchange for control of the acquiree. The acquiree's identifiable assets, liabilities and contingent liabilities that meet the recognition criteria are stated at their fair values at the acquisition date except certain assets and liabilities required to be measured as per the applicable standard. The interest of non-controlling shareholders in the acquiree is initially measured at the non-controlling shareholders' proportionate share of the acquiree's identifiable net assets.

46 (A) Fair valuation techniques

The Group maintains policies and procedures to value financial assets or financial liabilities using the best and most relevant data available. The fair values of the financial assets and liabilities are included at the amount that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Total Financial Liabilities	915,304.08	915,304.08	820,199.69	820,199.69

The following methods and assumptions were used to estimate the fair values

- Fair value of cash and bank, trade receivables, trade payables, loans and other financial assets and liabilities approximate their carrying amounts largely due to the short-term maturities of these instruments.
- Fair value of borrowings from banks and other financial liabilities, are estimated by discounting future cash flows using rates currently available for debt on similar terms and remaining maturities.
- Fair value of Investments in quoted Equity Shares/Mutual Funds are based on quoted market price/NAV at the reporting date.
- Fair value of investments in associates are measured at cost.

(B) Fair Value hierarchy

All financial assets and liabilities for which fair value is measured in the financial statements are categorised within the fair value hierarchy, described as follows.

Level 1 - Quoted prices / net assets values in active markets.

Level 2 - Inputs other than quoted prices included within Level 1 that are observable, either directly or indirectly.

Level 3 - Inputs that are not based on observable market data.

The following table presents the fair value measurement hierarchy of financial assets and liabilities, which have been measured subsequent to initial recognition at fair value as at 31st March, 2022 and 31st March, 2021:

Particulars	As at 31 st March, 2022		
	Level 1	Level 2	Level 3

NOTES FORMING PART OF THE CONSOLIDATED FINANCIAL STATEMENT FOR THE YEAR ENDED 31ST MARCH, 2022

(All amount in ₹ Lakhs, except otherwise stated)

Particulars	As at 31 st March, 2021		
	Level 1	Level 2	Level 3
Investment in Mutual Funds	6,206.93	-	-
Investment in Preference Shares	-	-	17,992.63
Investment in Equity Shares	3,034.01	-	1,910.75

During the year ended 31st March, 2022, there were no transfers between Level 1 and Level 2 fair value measurements, and no transfer into and out of Level 3 fair value measurements. There is no transaction / balance under level 3.

Fair value of quoted investments are based on quoted market price at the reporting date. Fair value of unquoted mutual funds are based on net assets value (NAV) at the reporting date. The fair value of unquoted investments in preference shares are estimated by discounting future cash flows using rates currently available for debt on similar terms, credit risk and remaining maturities. The fair value of unquoted investments in equity shares are estimated on net assets basis.

47 Financial risk management objectives and Policies

The Group's activities are exposed to a variety of financial risks from its operations. The key financial risks include market risk (including interest rate risk and foreign currency risk), credit risk and liquidity risk. The Group's overall risk management policy seeks to minimize potential adverse effects on Group's financial performance.

- (i) **Market Risk:** Market risk is the risk that the fair value of future cash flows of a financial instrument will fluctuate because of changes in market prices.

Market risk includes interest rate risk and foreign currency risk: The objective of market risk management is to manage and control market risk exposures within acceptable parameters, while optimising the return.

- (a) **Interest Rate Risk:** Interest rate risk is the risk that the fair value of future cash flows of a financial instrument will fluctuate because of changes in market interest rates. Any change in the interest rates environment may impact future rates of borrowing. The Group mitigates this risk by regularly assessing the market scenario, finding appropriate financial instruments, interest rate negotiation with the lenders for ensuring the cost effective method of financing.

Interest Rate Sensitivity: The following table demonstrates the sensitivity to a reasonable possible change in interest rate on financial assets affected. With all other variable held constant, the Group's profit before tax is affected through the impact on finance cost with respect to our borrowing, as follows:

A change in 50 basis points in interest rates would have following impact on profit before tax:

Particulars	For the year ended on 31 st March, 2022	For the year ended on 31 st March, 2021
Change in basis point	+50	+50
Effect on profit before tax	(2,659.30)	(2,430.53)
Change in basis point	-50	-50
Effect on profit before tax	2,659.30	2,430.53

- (b) **Foreign Currency Risk:** Foreign Currency risk is the risk that the fair value or future cash flows of an exposure will fluctuate because of changes in foreign exchange rates. The Group has obtained foreign currency borrowings and has foreign currency trade payables and receivables and is therefore, exposed to foreign exchange risk. After taking cognizance of the natural hedge, the Group takes appropriate hedges to mitigate its risk resulting from fluctuations in foreign currency exchange rate(s).

- (ii) **Credit risk:** The parent company being an investment company, credit risk refers to the risk that a counter party may default on its contractual obligations leading to a financial loss to the Company. Credit risk primarily arises from trade receivables and other receivables, cash equivalents, financial assets measured at amortised cost and financial assets measured at fair value through profit or loss.

In case of subsidiary companies, Credit risk is the risk that counterparty might not honor its obligations under a financial instrument or customer contract, leading to a financial loss. The Company is exposed to credit risk from its operating activities (primarily trade and other receivables).

The major investments of the Group is in the group companies which includes investment in associates. The Group has also made investments in quoted equity shares and units of mutual funds on the basis of risk and returns of the respective equity shares and mutual fund scheme.

Trade and other Receivables: Customer credit risk is managed based on Company's established policy, procedures and controls. The Company assesses the credit quality of the counterparties, taking into account their financial position, past experience and other factors. Credit risk is reduced by receiving pre-payments and export letter of credit to the extent possible. The Company has a well defined sales policy to minimize its risk of credit defaults. Outstanding customer receivables are regularly monitored and assessed. Impairment analysis is performed based on historical data at each reporting date on an individual basis. However, a large number of minor receivables are grouped into homogenous groups and assessed for impairment collectively.

The Group applies expected credit losses (ECL) model for measurement and recognition of loss allowance on financial assets measured at amortised cost, wherever required.

- (iii) **Liquidity Risk:** Liquidity risk is the risk, where the Group will encounter difficulty in meeting the obligations associated with its financial liabilities that are settled by delivering cash or another financial asset. The Group's approach is to ensure, as far as possible, that it will have sufficient liquidity to meet its liabilities when due, under both normal and stressed conditions, without incurring unacceptable losses or risking damage to the Group's reputation. The table below summarizes the maturity profile of Group's financial liabilities based on contractual undiscounted payments :-

48 Capital Risk Management

The Group's objective to manage its capital is to ensure continuity of business while at the same time provide reasonable returns to its various stakeholders but keep associated costs under control. In order to achieve this, requirement of capital is reviewed periodically with reference to operating and business plans that take into account capital expenditure and strategic investments. Apart from internal accrual, sourcing of capital is done through judicious combination of equity and borrowing, both short term and long term. Net debt (total borrowings less cash & cash equivalents) to equity ratio is used to monitor capital. No changes were made to the objectives, policies or processes for managing capital during the years.
